

LED TECHNOLOGY

Ultra Slim "SMART LEDBOX.."

Single and double sided options are available. The specially treated acrylic in the middle provides a homogenous lighting. Slim box depth 19 mm with 25 mm snap front loaded snap Frame. All aluminium structure is silver anodised. Offers a built in on/off switch. LED illumination save up to 60% energy costs (compared to fluorescent technology) with an increased life expectancy.

Our high quality attractive and functional illuminated LED boxes with high efficiency carbon reducing LED to traditionally lit light boxes using fluorescent lamps are available from A4 up to A0 off the shelf and custom sizes are made to order.

The LED box's lightweight, slim profile design and low voltage requirements allow it to be mounted anywhere there's access to a regular electrical outlet, and the unique frame extrusion offers a wide range of mounting or hanging options.

The Ultra Slim LED Box is extremely durable - it contains no fragile tubes or bulbs, and no glass, making it an ideal choice for busy, high-traffic locations.

These LED light panels are an ideal choice for a wide range of indoor applications including retail point-of-purchase, tradeshow displays, menu boards, movie theaters, sports facilities, shopping malls, casinos, and more.

Single Sided

The specially treated acrylic in the middle provides a homogenous lighting. Single Sided Smart LEDBOXES are 19 mm in thickness. Offers a built in on/off switch. These LED light panels are an ideal choice for a wide range of indoor applications.

All units pass CE/UL PAT test and comes along with Quality Certificates.

LED illumination save up to 60% energy costs (compared to flourescent technology) with an increased life expectancy.

The SMART LED BOX's lightweight, slim profile design and low voltage requirements allow it to be mounted anywhere there's access to a regular electrical outlet, and the unique frame extrusion offers a wide range of mounting or hanging options.

- Improved Led technology for improved luminance.
- Pre-treated light guided panel diffuses light even & powerful.
- CE listed electrical components.
- 19 mm, thinnest lightbox we ever sell.
- Offers evenly diffused lux in all sizes.
- Snap - open frame for easy poster change.
- Saves up to 60% energy gost.
